Direction Restricting Permitted Development

ARTICLE 4 DIRECTION, Class MA

Permitted development rights allow certain types of building work or changes of use without the

need for planning permission. An Article 4 Direction allows a local planning authority to withdraw permitted development rights, so that planning permission is required. Class MA of the general permitted development order, introduced in August 2021, allows the change of use of commercial, business, and service premises (which includes office and light industrial, as well as retail and other town centre uses) to change to residential without the need for planning permission.

The Council has made Article 4 Directions to withdraw the Class MA permitted development right to change from Use Class E (Commercial, Business, and Service) to Use Class C3 (dwellinghouses) for parts of the borough where there exists strong justification (available to view online: www.camden.gov.uk/article4directions). The Article 4 Directions apply to sites shown edged red on the plans attached to the Directions and were made on 26 July 2021.
